

USEPA Region 5/Wisconsin DNR Discussion of Storm Water Issues
Thursday, August 24, 2017
10:30 to noon

Agenda

1. Issues that DNR agrees to proceed with rule-making to address in ch. NR 216: 23, 24, 25, 26, 52

- Remove confusing language and/or amend to align with federal requirements
- Discussion of rule-making process

2. Issues that the DNR seeks USEPA concurrence are adequately addressed: 53, 56, 57, part of 67 (MS4 storm water management program evaluation)

- Discussion of DNR's rationale
- Examples of forms
- Supporting information: s. 283.31 Wis. Stats., ch. NR 216, industrial forms, s. NR 205.07(L), MS4 annual report forms

3. Issue resolved: Part of 67 (records available to public)

- Comprehensive public records law in subch. II of ch. 19 Wis. Stats.

4. Issue needing further discussion with USEPA: 55

- Comparison and implications of similarities/differences with federal definition
- Strategy to address non-storm water discharges [s. NR 216.07(3)(b)]

5. Any other storm water issues not already discussed?

6. Next step in preparation of Sept. 13 face-to-face meeting
